Strengths and Weaknesses [Edit](#)

Strengths [Edit](#)

- High damage output for single targets.
- Can grant Life Steal to the whole team with *Kreln Bloodcall* (Blue Skill).
- *Rage* (Purple Skill) allows him to revive once after dying.
- Considerate easy to farm for on Elite Stages.

Weaknesses [Edit](#)

- Somewhat "squishy" for a Tank character, having very low magic resist.
- Lack of variety for attacks (only one Control Skill).
- *Rage* doesn't allow him to revive more than once in Crusades.
- Requires good control characters in order to dish out his damage properly.

Overall Rating: Campaign (9/10), Arena (9/10), Crusade (8/10)

Notable Counters: Heroes with low armor and physical resist.

Countered by: Heroes with high Intelligence with high Magical Damage Burst.

Good Synergy: [Ember Blade](#), [Commando](#), [Lunar Guardian](#), [Shadowleaf](#), [Arcane Sapper](#), [Cloud Walker](#), [Fallen Dominion](#), [Iron Hoof](#), [Vanguard Warrior](#), [Swordmaster](#), [Phoenix](#).

Recommended Evolution: 4 or 5 Stars.

Trivia [Edit](#)

- [Garl](#) is based on King Leoric, known as The Skeleton King, from the *Diablo* franchise (more specifically from *Diablo III*).
 - In the original release of Heroes Charge, his old appearance looked similar to The Skeleton King from the first Diablo game.
- Garl's *DOT Arena* counterpart is [Leo](#) , which further confirms that both characters are inspired on King Leoric.
- This hero is based on the Dota 2 hero [Skeleton King/Wraith King](#)

[Trivia](#) [Edit](#)

- Prime is possibly based on the Terran Marines from *StarCraft*, more specifically Jim Raynor in his Thunderstrike Armor. This is made more evident by comparing Prime with his *DOT Arena* counterpart, Jimmy .
